# Tenting

Your Sonic representative can answer your questions and make suggestions regarding your specific needs.

## Frame Tents

Standard Frame Tents are used with minimal staking and anchoring. These are traditional aluminum frame structures without interior support poles and can be erected on any surface.

## Structure Tents

Structure Tents offer a dramatic profile featuring beam and arch assembly. These fully engineered structures are weather tight and can be used for a variety of events.

## Sailcloth Pole Tents

Sailcloth Tents have elegant lines, sculpted eaves, peaks, and nautical appeal offering an outdoor event space with weather protection. The semi-translucent sailcloth allows for warm, natural light during the day and a dramatic glow when illuminated during nighttime.

## Multi-Level Tents

A variety of options are available for your specific event needs.  
**Ask your Sonic Representative for details.**

## Elevated Structures

Elevated Structure Tents offer a unique and enhanced view for your event.

## Stadium Seating

A variety of options can be customized for your event.  
**Ask your Sonic Representative for details.**

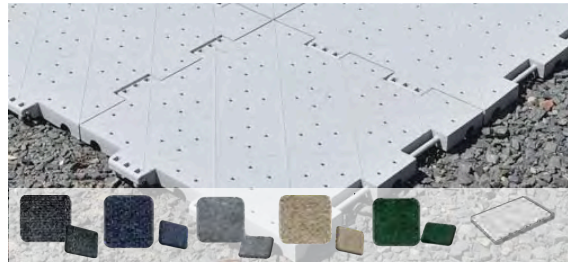

# Accessories

All Tents can be enhanced with a variety of options.

## CLIMATE CONTROL

Portable HVAC solutions for any structure.

## FLOORING

A variety of flooring materials and carpet options are available.

## GLASS WALLS | CLEAR TOP

Luxurious and dramatic enhancements.

## STAIRS | RAILINGS | ADA

Safety railings and ADA compliance.

## LOGO/DESIGN

Personalize your tent by adding your logo or design.

## LIGHTING
